DETAILED ACTION

Response to Amendment

1. In response to the Office Action mailed 10/31/2006, applicant has submitted an Amendment, submitted 4/30/2007 (CM), amending claims 1, 13, 19, 21, and 25, and arguing to traverse the claim rejections.

Amendment of independent claims 1, 13, and 25 to overcome their anticipated rejection under 35 USC 101, mentioned during the interview of 2/26/2007, has precluded such a rejection in the instant Office Action.

Response to Arguments

2. Applicant's arguments, see Remarks submitted 4/30/2007 (CM), with respect to the claim rejections over 35 USC 102(b) and 103, have been fully considered and are persuasive to overcome the art of record. The rejection of claims 1-25 has been withdrawn, and, there being no other pertinent prior art found, said claims are herein allowed.

Allowable Subject Matter

3. Claims 1-25 are allowed over the prior art of record. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 13, and 25 are allowable because they recite adapting a previously trained statistical parser while inputting new speech or linguistic data by

performing a mathematical transform on the statistical parser's model parameters. The prior art of record, including Ting and Miller, do not teach such adaptation of a parser.

Dependent claims 2-12, 14-24, and 25 are allowed because they further limit the independent claims or their parent claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
